ANA AND VICTORIA, USA

DETAINED BY

ICE AFTER

FLEEING

FROM

DANGER

ANA AND VICTORIA, USA

US Immigration and Customs Enforcement (ICE) is locking up nearly 100 families at three facilities in Pennsylvania and Texas. After COVID-19 was confirmed in family detention centers, a federal judge ordered ICE to release all children by 7 August 2020, but the judge does not have jurisdiction over their parents.

ICE has the legal authority to release families together and has historically done so but is now choosing to separate families or keep them detained indefinitely. Detained families are at extreme risk of COVID-19 due to inadequate hygiene and negligent medical care.

At one fateful protest in November, police loaded their shotguns with rubber-coated buckshot and fired into the gathered crowds. It was no different from other protests where hundreds were hurt and dozens suffered eye injuries almost every day. Those in charge didn't stop the police. Instead, they allowed the violence to continue.

Ana* (22) and her daughter Victoria* (4) fled Honduras after repeated threats against their lives after her partner and Victoria's father was killed because of his political beliefs. They requested asylum in the U.S. over nine months ago and have been locked up ever since.

Victoria now has anxiety attacks, nightmares, and wets the bed—something she didn't used to do. Ana and Victoria should be released together.

Tell ICE to release Ana, Victoria and all the families.

WRITE TO THE INTERIM DIRECTOR OF ICE

Tell him to immediately and unconditionally release Ana, Victoria and all of the other families from ICE detention together.
